

# KID-PROOF by Rowe

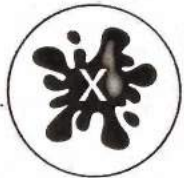

## The beauty you desire the performance you require. Introducing Kid-Proof by Rowe Fabrics.

Kid-Proof by Rowe was created with the modern family in mind. Having to sacrifice what you really want because of sticky fingers, crayons, or an occasional spilled glass of juice is now a thing of the past.

Kid-Proof by Rowe offers the largest selection of performance fabrics in the market with a focus on durability, cleanability and beauty.

Just look for the little hand!

### Stain Resistant

All Kid-Proof by Rowe fabrics inherently resist virtually all stains and spills. Treat stains quickly by first blotting the trouble area with a clean damp cloth which in most cases will remove the majority of the stain.

### Durable Construction

All Kid-Proof by Rowe fabrics meet and exceed Industry standards for durability. They are constructed to meet high wearability standards, combining durable fibers and heavy duty construction.

### Liquid Repellancy

\*Some Kid-Proof by Rowe fabrics are designed to repel liquids. The occasional spilled glass of juice or coffee will simply bead and puddle up on the surface allowing you to hand blot with a clean cloth.

### Odor Resistance

\*Some Kid-Proof by Rowe fabrics are designed with technology which helps resist microbial development thus inhibiting odor causing bacteria.

**CRYPTON.**
