# A MORE PEACEFUL LIFE

We all need an occasional escape, a way to relieve our aches, the chance to renew special connections. We need more peace — peaceful bodies, peaceful minds, and peaceful homes. It seems simple, but it's reality, a few minutes in your Bullfrog Spa can make your life a little more peaceful, each day.

While we're similar in many ways, we're also unique in how we define and find our peace. You are uniquely you. That's why Bullfrog Spas offers the only truly customizable, personalized spa available. Bullfrog Spas' patented JetPak Therapy System™ allows you to choose your layout and the massages that work for you, which you can then interchange at any time. It's an ingeniously simple design that provides unmatched reliability, efficiency, quality and peace of mind.

Discover how your new Bullfrog Spa will create a more peaceful life.

# PEACEFUL BODY

It's a fact, regular exercise and physical activity is necessary to maintain a healthy body. Nothing supports your health and fitness goals better than a Bullfrog Spa, personalized just for you.

Your Bullfrog Spa allows you to select the specific JetPak massages to support recovery, rejuvenation, pain relief, or whatever your body needs. You will be able to exercise more, escape pain, relax tired muscles, sleep better, and feel better.

# JETPAK THERAPY SYSTEM™

You deserve the best spa experience, and that means a spa that is personalized just for you.

Bullfrog Spas created the JetPak Therapy System™ to allow you to fit your spa to your body and lifestyle. Only Bullfrog Spas let you select your perfect massages, move them from seat to seat, and upgrade at any time.

# PEACEFUL MIND

We all need a little time for ourselves, time to slow down, unwind, and decompress. Escape can be as close as your own backyard. In just a few minutes a day you can make relaxation a reality. And your soothing spa experience is all your own, completely personalized with your ideal selection of JetPak massages, each one suited to your specific preferences.

# SOOTHING SOUND

Relaxation, therapy, and good times are all enhanced by your soundtrack.

Bullfrog Spas feature series-specific audio options that offer rich sound, seat surround speakers, a convenient location to rest and charge your device, an in-spa sub woofer, and easy Bluetooth connectivity to your phone or digital audio player.

See dealer for audio system specifications and details.

# PEACEFUL HOME

Your Bullfrog Spa is the perfect place to get together with those you love. Whether it's a get together, backyard BBQ, a party with friends and neighbors, or a little quiet time with the most important person in your life, your Bullfrog Spa is the ideal way to make strong and lasting connections. Bring a little peace to your home with your new Bullfrog Spa.

# PATIO PERFORMANCE COVERS

All Bullfrog Spas in the A, R, and X Series lines feature our exclusive Patio Performance™ spa covers. This ultra-durable fabric cover is treated with a similar process to that used on many high-end patio furnishings, which helps them to withstand the rigors of outdoor use in harsh environments.

Available in 2 colors, Pewter and Chocolate, these premium spa covers offer a fade-free UV coating, water resistance, incredible insulation for energy efficiency, and they are up to 25% lighter than standard vinyl covers.

WATER CARE

# PREMIUM WATER CARE

SPA OWNERSHIP HAS NEVER BEEN SO EASY.

The Bullfrog Spas Premium Water Care Package combines the unique benefits of three highly effective clean water systems that together produce optimal results when it comes to impurity removal and sanitization. With the Bullfrog Spas Enhanced Ozone System (EOS O<sub>3</sub><sup>™</sup>), FROG<sup>®</sup> @ease<sup>®</sup>, and the WellSpring Circulation Pump, you can enjoy your spa with a water care experience that minimizes the hassle of maintaining clean, healthy water.

What does this mean for you as a hot tub owner? With all three systems working in tandem, your spa water will require less addition of sanitizing agents and chemicals than ever before. Now you can relax and get the relief you deserve—worry free.

# EOS O<sub>3</sub><sup>TM</sup> ENHANCED OZONE SYSTEM

BREATHE EASY, USE LESS CHEMICAL SANITIZER, AND WORRY LESS WITH EOS O<sub>3</sub><sup>TM</sup>.

The EOS O<sub>3</sub><sup>TM</sup> is a revolutionary water purification system that's up to twice as effective at oxidizing out impurities, without the negative effects of excess ozone gas. This unique 3-part system generates as much as 2 times the amount of ozone as standard systems, charges spa water with O<sub>3</sub> more effectively, sanitizes spa water better, and destroys nearly all of the residual O<sub>3</sub> gas. EOS has been third-party validated to kill 99.9% of the microorganisms found in spas.

## STEP 1

The high-power O<sub>3</sub> generator creates 2X more ozone than standard systems.

## STEP 2

Water and O<sub>3</sub> are isolated and mixed vigorously for maximum sanitization.

## STEP 3

Over 99% of excess O<sub>3</sub> gas is filtered and neutralized to eliminate potential spa damage.

1

# 2

## FROG® @ease®

Custom designed to fit within the Bullfrog Spa filtration system, FROG @ease semi-automates chlorine release into spa water, maintaining a consistently low free chlorine level at all times. The unique two-part system comprised of proprietary minerals and SmartChlor® Technology works by creating a reserve that is converted to free chlorine as it senses demand on the hot tub. With @ease in place, you'll use up to 75% less chlorine in effort to keep your spa water clean and reduce shock to only once a month.

## WELLSPRING CIRCULATION PUMP

The WellSpring Circulation Pump is 8 times more effective at moving and filtering spa water than standard pumps. The more times your water goes through the filter, the cleaner your water will be. Moving 35 gallons (130 liters) per minute, this circulation pump can push every ounce of water through the dual filters many times per day.

# 3

ENGINEERING

# JETPAK THERAPY SYSTEM™

.....

0

PLUMBING

100%

PERFORMANCE

.....

The plumbing used in other spas is inefficient, expensive, and unreliable. Bullfrog Spas' exclusive H<sub>2</sub>Air Manifold is one simple self-contained seat-back unit. The result is far less plumbing, greater efficiency, and optimal performance.

# DIALED IN

Every aspect of the JetPak Therapy System was re-imagined and engineered to deliver the best personalized therapy and performance. With JetPaks® you are in complete control the pressure of your massage experience.

# CUSTOMIZATION

## ■ NECKBLASTER™

Maximum Stress Relief

The NeckBlaster JetPak provides a one-of-a-kind massage. With full-coverage neck and shoulder jets, along with a complete array of single pulse jets, you'll get a powerful massage that eliminates built-up tension in neck and shoulder muscles.

■ ALLEVIATE™  
Perfectly Aligned Therapy

The Alleviate JetPak features 8 bio-aligned medium pressure jets with a steady-stream massage for a unique whole-back sensation.

■ PULSATOR™  
Comfortable Rhythmic  
Massage

The Pulsator JetPak features 6 rotating dual pulse jets to provide comfortable, rhythmic full-back therapy.

■ ACUTHERAPY™  
Focused Stress Relief

The AcuTherapy JetPak combines deep-relief jets for the upper and lower back muscles and a medium pressure massage for the mid back.

# UPGRADEABILITY

## FIBROTHERAPY™

Therapy for Pain Relief and Health

The FibroTherapy JetPak is engineered to provide a unique kneading action to relax your lower back with deep-penetrating therapy in the area of your thoracic vertebrae.

■ GYROSSAGE™  
Peaceful Rhythmic  
Sensation

The Gyrossage JetPak utilizes 5 rotating single pulse jets to provide a rhythmic kneading massage for your entire back.

■ RELIEVER™  
Maximum Relief

The Reliever JetPak combines a deep steady massage in the lower back with a medium-pressure kneading of upper obliques.

■ DEEPRELIEF™  
Deep Tension Relief

The DeepRelief JetPak provides a steady, penetrating whole-back massage for maximum tension relief.

# PERSONALIZATION

## ■ NECKMASSEUSE™

Targeted Neck Therapy

The NeckMasseuse JetPak combines a targeted deep-pressure massage for relief of neck, shoulder, and upper back tension with the rhythmic massage of 3 large, rotating single-pulse jets.

■ OSCILLATOR™  
Ultimate Kneading  
Massage

The Oscillator JetPak provides a unique wide-coverage kneading massage to soothe all key regions of your back.

■ VERSA™  
A Versatile Spa Massage

The Versa JetPak combines a deep penetrating direct massage for the upper back and shoulders with a therapeutic kneading mid-back massage and pulsating low back relief.

■ RAINSHOWER™  
Smooth Soothing  
Sensation

The RainShower JetPak features 42 of Bullfrog Spas' exclusive Shower Jets aligned for a smooth caressing whole-back massage.

# INTERCHANGEABILITY

## ■ LUMBAR™

Powerful Low-Back Therapy

The Lumbar JetPak targets key pressure points in your lower back with a deep-pressure penetrating hydromassage, combined with a rhythmic dual-pulse massage for the upper back muscles.

■ SPINALHEALTH™  
Powerful Spinal Therapy

The SpinalHealth JetPak provides a steady deep-penetrating massage for the upper and lower spinal muscles.

■ TRIO™  
Deep Kneading Therapy

The Trio JetPak provides unique kneading action for the ultimate full-back massage experience.

■ WELLNESS™  
All-Around Back Therapy

The Wellness JetPak combines 3 unique jet types to create an amazing whole-back massage experience.

# QUALITY

Our commitment to quality begins with the solid ABS EnduraBase™ foundation. The 100% wood-free EnduraFrame™ support structure is precision-built with a composite material that is impervious to moisture. Other conventional hot tubs still use wood or metal framing that can rot, warp, or corrode. With a Bullfrog Spa, you have no need to worry about the elements.

The ultra-durable 3-layer spa shell is designed to last a lifetime. This incredibly strong shell is further supported by energy-smart, full-foam insulation. In all areas of design and manufacturing, your Bullfrog Spa is built to last and is backed by our comprehensive warranty.

## LIMITED WARRANTY
