- Dual power button allows you to operate the reclining and headrest mechanisms independently.
- Single USB port is located at the center of the power button.
- Safety locks prevent gliding furniture from gliding while reclining.
- Removable back allows for easy lifting and maneuvering through doorways.
- Only available in select leathers.

## Aesthetic appeal highlighted with cross-stitching detail.

Heavy-thread cross-stitching detail is highlighted throughout Fenwick's frame adding an aesthetically pleasing feature. A square arm is finished with a pad overlay creating a charming design while contoured seating, a divided back cushion, and a fully padded footrest combine on Fenwick to create long-lasting support. Enjoy smoothly gliding back and forth or reclining from an upright to a fully reclined position. A power reclining mechanism lets you change angles effortlessly with the touch of a button, and a dual power button allows you to independently adjust the headrest for custom relaxation.
